

HARD  YARDS

ACCELERATOR

for Scrum Masters

WHO IT'S FOR

For Agile organizations with practicing Scrum Masters who want to build coaching competency from within but don't have the luxury of staffing full time coaches for one-on-one training.

HOW IT WORKS

The Scrum Master Accelerator breaks the external coach dependency model with a scalable solution where cohorts of Scrum Masters learn and apply all the skills necessary to become more effective in their role, and grow into confident Agile coaches.
